Tips for maximizing your Grand Opening:

• **Plan for an hour to an hour-and-a half** for the Grand Opening. The actual Grand Opening should take only about 35 minutes. The rest of the time should be spent helping guests with orders and prospecting.

• **Make the refreshments simple.** Fun should be the focus.

• **Set a date, time and location.** Remember, the Grand Opening does not necessarily need to be in your home. Ask a friend to host, or use the library or a local coffee shop.

• **Send out invitations** to double the number of people you want to attend. Only about 50% of invitees will attend.
